The government's women's health strategy - the importance of gender for health

(https://www-regjeringen-no.translate.goog/no/dokumenter/regjeringens-kvinnehelsestrategi-betydningen-av-kjonn-for-helse/id3056099/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

03/10/2024 | Plan/strategy | Ministry of Health and Care

The government's overall aim for the women's health strategy is to contribute to ensuring that the importance of gender is emphasized in policy-making, and in how the health authorities and our joint health service work with women's health and the gender perspective in health.

National one-health strategy against antimicrobial resistance 2024–2033

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-en-helse-strategi-mot-antimikrobiell-resistens-20242033/id3054035/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

25/09/2024 | Plan/strategy | Ministry of Health and Care, Ministry of Climate and Environment, Ministry of Agriculture and Food, Ministry of Trade and Fisheries, Ministry of Foreign Affairs

Antimicrobial resistance (AMR) is one of the world's biggest health challenges. If effective measures are not taken, the challenges will be even greater for future generations. The fight against AMR is therefore more important than before. This applies both in

National strategy for rare diagnoses

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-strategi-for-sjeldne-diagnoser/id2867121/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

10/08/2021 | Plan/strategy | Ministry of Health and Care

Norway's first strategy for rare diagnoses describes targeted and concrete work to ensure early diagnosis, treatment and follow-up of patients and users.

National alcohol strategy (2021–2025). A health-promoting and solidarity-based alcohol policy.

([https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-alkoholstrategi-20212025/id2838096/?](https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-alkoholstrategi-20212025/id2838096/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

[_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp](https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-alkoholstrategi-20212025/id2838096/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp))

11.03.2021 | Plan/strategy | Ministry of Health and Care

The government continues the main lines of the alcohol policy, and proposes several new measures to ensure that we achieve the goal of reducing harmful alcohol consumption.

The food nation Norway

([https://www-regjeringen-no.translate.goog/no/dokumenter/matnasjonen-norge/id2834496/?](https://www-regjeringen-no.translate.goog/no/dokumenter/matnasjonen-norge/id2834496/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

[_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp](https://www-regjeringen-no.translate.goog/no/dokumenter/matnasjonen-norge/id2834496/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp))

12.02.2021 | Plan/strategy | Ministry of Agriculture and Food, Ministry of Health and Welfare, Ministry of Trade and Fisheries

The government's strategy for Food Nation Norway. The strategy brings together and makes visible links between business policy in the food area and health and public health policy.

National action plan for clinical studies 2021-2025

([https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-handlingsplan-for-kliniske-studier/id2880741/?](https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-handlingsplan-for-kliniske-studier/id2880741/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

[_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp](https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-handlingsplan-for-kliniske-studier/id2880741/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp))

11.01.2021 | Plan/strategy | Ministry of Health and Care

The Solberg government has put forward an action plan for clinical studies. It introduces a vision that clinical research should be an integral part of all patient treatment. The aim is to double the number of clinical studies by 2025.

The government's next-of-kin strategy and action plan

([https://www-regjeringen-no.translate.goog/no/dokumenter/regjeringens-parorendestrategi-og-handlingsplan/id2790589/?](https://www-regjeringen-no.translate.goog/no/dokumenter/regjeringens-parorendestrategi-og-handlingsplan/id2790589/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

[_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp](https://www-regjeringen-no.translate.goog/no/dokumenter/regjeringens-parorendestrategi-og-handlingsplan/id2790589/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp))

08.12.2020 | Plan/strategy | Ministry of Health and Care

Most of us will be relatives during our lives. There are approximately 800,000 relatives in Norway today, and many make an enormous effort for their loved ones. The government's next-of-kin strategy must contribute to next-of-kin being recognized as a resource and to

Dementia plan 2025

(https://www-regjeringen-no.translate.goog/no/dokumenter/demensplan-2025/id2788070/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

02.12.2020 | Plan/strategy | Ministry of Health and Care

With the Dementia Plan 2025, the government will work for a more dementia-friendly society.

The government's action plan for the prevention of suicide 2020-2025

(https://www-regjeringen-no.translate.goog/no/dokumenter/regjeringens-handlingsplan-for-forebygging-av-selvmoerd-2020-2025/id2740946/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

10/09/2020 | Plan/strategy | Ministry of Health and Care

The government has put forward an action plan for the prevention of suicide. It introduces a zero vision for suicide in Norway. It is a commitment to work on the basis that we have nothing to lose.

Contingency plan for infection control measures in the event of increased spread of infection during the covid-19 pandemic

(https://www-regjeringen-no.translate.goog/no/dokumenter/beredskapsplan-for-smitteverntiltak-ved-okte-smittespredning-under-covid-19-pandemien/id2705749/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

10/06/2020 | Plan/strategy | Ministry of Health and Care

The government's aim is to keep the spread of infection under control. This means keeping the burden of disease low and ensuring that the number of patients is manageable in the health and care services. At the same time, we must be prepared to crack down locally or nationally

Together about active lives. Action plan for physical activity 2020-2029.

(https://www-regjeringen-no.translate.goog/no/dokumenter/sammen-om-aktive-liv/id2704955/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

04/06/2020 | Plan/strategy | Ministry of Health and Care

Being physically active brings joy and mastery to many, and it is often about doing something together with others. Physical activity is also necessary to develop and maintain good health and quality of life throughout life.

Action plan for the GP service 2020-2024; Attractive, quality-assured and team-based

(https://www-regjeringen-no.translate.goog/no/dokumenter/handlingsplan-for-allmennlegetjenesten/id2701926/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

11/05/2020 | Plan/strategy | Ministry of Health and Care

The action plan will contribute to strengthening, developing and preserving a GP system that provides patients with high-quality GP services. The plan contains 17 measures.

National emergency plan against outbreaks of serious infectious diseases

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-beredskapsplan-mot-utbrudd-av-alvorlige-smittsomme-sykdommer/id2680654/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

02.12.2019 | Plan/strategy | Ministry of Health and Care

Infectious diseases pose a significant threat to global public health. Population growth, urbanisation, climate change, a global food market and increased travel activity are some factors that contribute to outbreaks occurring more frequently than before and

Action plan for better infection control with the aim of reducing healthcare-associated infections 2019 - 2023

(https://www-regjeringen-no.translate.goog/no/dokumenter/handlingsplan-for-et-bedre-smittevern/id2675233/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

25/10/2019 | Plan/strategy | Ministry of Health and Care

Good infection control contributes to better patient safety and is a prerequisite for limiting the outbreak and spread of infectious diseases in the health service and society. In this way, good infection control is also crucial for dealing with the challenge of

National overdose strategy 2019-2022

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-overdosestrategi-2019-2022/id2636987/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

20/03/2019 | Plan/strategy | Ministry of Health and Care

The new national overdose strategy will strengthen efforts against overdose deaths. The strategy has been drawn up by the Directorate of Health on behalf of the Ministry of Health and Care. In the work, the Directorate of Health has had a dialogue with partners in

National strategy against hepatitis

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-strategi-mot-hepatitter/id2618584/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

09/11/2018 | Plan/strategy | Ministry of Health and Care

The strategy has two overarching goals: The number of people infected with hepatitis C in Norway must be reduced by 90 percent by 2023 compared to 2018, and no one in Norway must die or become seriously ill from hepatitis C.

National health emergency plan

(https://www-regjeringen-no.translate.goog/no/dokumenter/a-verne-om-liv-og-helse/id2583172/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

01.01.2018 | Plan/strategy | Ministry of Health and Care

The National Health Preparedness Plan is the overall framework for the health and care sector's prevention and handling of all types of crises and disasters.

National diabetes plan 2017-2021

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-diabetesplan-2017-2021/id2582010/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

13/12/2017 | Plan/strategy | Ministry of Health and Care

The overall aim of the National Diabetes Plan is to improve the work of the health and care services in preventing, following up and treating people with diabetes.

National brain health strategy (2018–2024)

(https://www-regjeringen-no.translate.goog/no/dokumenter/nasjonal-hjernehelsetrategi-20182024/id2581669/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

12/12/2017 | Plan/strategy | Ministry of Health and Care

Brain health is a new term in Norway. The National Brain Health Strategy (2018-2024) shall set the direction for preventive measures, health and care services and research.

Reduced recidivism to new crime

([https://www-regjeringen-no.translate.goog/no/dokumenter/redusert-tilbakefall-til-ny-kriminalitet/id2556905/?](https://www-regjeringen-no.translate.goog/no/dokumenter/redusert-tilbakefall-til-ny-kriminalitet/id2556905/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp)

[_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp](https://www-regjeringen-no.translate.goog/no/dokumenter/redusert-tilbakefall-til-ny-kriminalitet/id2556905/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en&_x_tr_pto=wapp))

18.06.2017 | Plan/strategy | Ministry of Justice and Emergency Preparedness, Ministry of Labor and Inclusion, Ministry of Health and Care, Ministry of Local Government and District Affairs, Ministry of Education

National strategy for coordinated restitution after completed sentences 2017-2021
