The contents of the Agreement

The regional projects on the objectives of priority nature and of national importance, relating to the years 2018-2023, are consistent with the contents of the latest National Health Plan (PSN), with the indications of the Health Pact of the years 2014-2016 and 2019-2021, and with the global health planning shared by our country with the European Union and with the main international health organizations.

The six design lines

The project guidelines, in compliance with the autonomy of the Regional Health Systems, are strategic for the National Health Service and have the main purpose of promoting the integrated management of health care and the planning of innovative interventions in response to the emerging health needs of the population.

Since 2020, the project guidelines on the objectives of the PSN have also included some extraordinary intervention measures to support the provisions adopted for the COVID-19 epidemiological emergency.

The five project lines for the years 2018-2022, reported in Annex A of the Agreements, are:

1. Shared and personalized diagnostic-therapeutic pathway for patients with multi-chronic conditions , which aims to promote the National Chronicity Plan
2. Promoting equity in health , which, referring to the strategic objectives for an equitable improvement of health and well-being contained in Health 2020, intends to promote actions aimed at "guaranteeing health conditions and well-being for all at all ages"
3. Establishment and implementation of the pain therapy network and development of palliative care and pain therapy in the pediatric area , which, while referring to the national standard, even the most recent one, places particular attention on the need to optimize the management of palliative care and pain therapy in newborns, children and adolescents
4. National Prevention Plan and support for the National Prevention Plan, which in addition to contemplating the implementation of the regional prevention plan, provides support for the functioning of the three networks: National Screening Observatory (ONS); Italian Evidence-based Prevention Network (NIEBP); Italian Association of Tumor Registries (AIRTUM)
5. Innovative healthcare technology as a tool for hospital-territory integration , which aims to promote, through telemedicine, continuity of care and reduce the need for hospitals for services that cannot be provided at a territorial level.

In 2023, in order to promote the progressive activation, at a national level, of the number 116117 dedicated to providing answers to citizens on low intensity/priority care needs, the sixth project line was inserted:

6. Implementation of the harmonised European number for non-urgent care 116117

Resource allocation

The allocation to the Regions of the resources earmarked to achieve the objectives of priority and national importance occurs annually, through a proposal by the Minister of Health and subsequent approval with an Agreement at the State-Regions

Online services

Register of Supplementary Health Funds

Conference.

The resources are equal to a value of:

- 794,178,219 euros for the year 2023
- 819,484,264 euros for the year 2022
- 748,334,264 euros for the year 2021
- 1,021,134,264 euros for the year 2020
- 1,079,915,672 euros for the year 2019
- 1,102,584,000 euros for the year 2018.

The Agreements have established that, pursuant to Article 1, paragraph 34 bis of Law 662/96, the Ministry of Economy and Finance shall provide a quota as an advance payment, in the amount of **70% of the total annual amount** due to each Region, after the stipulation of the same. The provision of the residual quota of 30% is subject to the approval, by the Permanent Conference for Relations between the State, the Regions and the Autonomous Provinces of Trento and Bolzano, of the projects presented by the Regions for the reference year, including the explanatory report of the results achieved with the projects activated in the previous year.

The approval is based on the positive judgment of the Permanent Committee for the verification of the provision of Essential Levels of Assistance expressed on the evaluation carried out, on the regional projects, by the General Directorate of Health Planning. Failure to present and approve the projects entails, for the region concerned and for the reference year, the failure to provide the residual quota and the recovery, of the sum advanced, on the 70% quota due for the following year.

With reference to the period of the health emergency due to the Covid-19 pandemic, Legislative Decree no. 34 of 19 May 2020 (art. 117 paragraph 1 letter c), coordinated with the conversion law no. 77 of 17 July 2020, provided that, for the objectives of the national health plan for the year 2020, **100% of the established funding** was transferred to the regions, the measures of which are those indicated in the distribution proposal of the Ministry of Health to the CIPE (State-Regions Agreement Rep. acts 56/CSR of 31.03.2020), plus the residual portion of the funding of the plan objectives for the years 2018 and 2019.

This regulatory provision represents a derogation from the provisions of Law no. 662 of 23 December 1996 (art. 1, paragraph 34-bis). However, the checks by the LEA Committee on the projects presented by the regions remain in place, also for a possible recovery of the sums, in the event of a negative check, to be charged to the sums due for any reason in subsequent financial years.

The approved documents

The Agreements and Understandings approved for the years 2018-2023:

Year 2023

➤ Repertory of acts no. 265/CSR of 9 November 2023

Agreement, pursuant to article 1, paragraphs 34 and 34 bis, of law no. 662 of 23 December 1996, between the Government, the regions and the autonomous provinces of Trento and Bolzano on the proposal of the Minister of Health for project guidelines for the use by the Regions of the restricted resources, for the achievement of the objectives of a priority nature and of national importance for the year 2023.

➤ Repertory of acts no. 264/CSR of 9 November 2023

Agreement, pursuant to Article 1, paragraph 34-bis, of Law no. 662 of 23 December 1996, and subsequent amendments, on the proposal of the Minister of Health for a CIPESS resolution relating to the distribution to the Regions of the quotas tied to the objectives of the National Health Plan for the year 2023.

Year 2022

➤ Repertory of acts no. 281/CSR of 21 December 2022

Agreement, pursuant to article 1, paragraph 34, of law no. 662 of 23 December 1996 and subsequent amendments, between the Government, the Regions and the autonomous Provinces of Trento and Bolzano on the proposal of the Ministry of Health concerning objectives of a priority nature and of national importance indicated by the National Health Plan for the year 2022.

➤ Repertory of Acts no. 280/CSR of 21 December 2022

Agreement, pursuant to Article 1, paragraph 34-bis, of Law no. 662 of 23 December 1996, on the proposal of the Ministry of Health for a CIPESS resolution relating to the distribution to the Regions of the quotas tied to the objectives of the National Health Plan for the year 2022.

Year 2021

➤ Repertory of Acts no. 150/CSR of 4 August 2021

Agreement, pursuant to Article 1, paragraphs 34 and 34bis, of Law no. 662 of 23 December 1996, between the Government, the Regions and the autonomous Provinces of Trento and Bolzano on the proposal of the Ministry of Health for project guidelines for the use by the Regions of the restricted resources, for the achievement of the objectives of a priority nature and of national importance for the year 2021.

➤ Repertory of acts no. 153/CSR of 4 August 2021

Agreement, pursuant to Article 1, paragraph 34-bis, of Law no. 662 of 23 December 1996, on the proposal of the Ministry of Health for a CIPESS resolution relating to the distribution to the Regions of the quotas tied to the achievement of the objectives of the National Health Plan for the year 2021.

Year 2020

➤ Repertory of Acts no. 54/CSR of 31 March 2020

Agreement, pursuant to Article 1, paragraphs 34 and 34bis, of Law no. 662 of 23 December 1996, between the Government, the Regions and the autonomous Provinces of Trento and Bolzano on the proposal of the Minister of Health for project guidelines for the use by the Regions of the restricted resources, for the achievement of the objectives of a priority nature and of national importance for the year 2020.

➤ Repertory of Acts no. 56/CSR 31 March 2020

Agreement, pursuant to Article 1, paragraph 34bis, of Law no. 662 of 23 December 1996, on the proposal of the Ministry of

Health for a CIPE resolution relating to the distribution to the Regions of the quotas tied to the achievement of the objectives of the National Health Plan for the year 2020.

Year 2019

- **Repertory of Acts no. 91/CSR of 6 June 2019**
Agreement, pursuant to Article 1, paragraphs 34 and 34bis, of Law no. 662 of 23 December 1996, between the Government, the Regions and the autonomous Provinces of Trento and Bolzano on the proposal of the Minister of Health for project guidelines for the use by the Regions of the restricted resources, for the achievement of the objectives of a priority nature and of national importance for the year 2019.
- **Repertory of Acts no. 89/CSR of 6 June 2019**
Agreement, pursuant to Article 1, paragraph 34bis, of Law no. 662 of 23 December 1996, on the proposal of the Ministry of Health for a CIPE resolution relating to the distribution to the Regions of the quotas tied to the achievement of the objectives of the National Health Plan for the year 2019.

Documents subsequently modified only for financing quotas:

- **Repertory of Acts no. 191/CSR of 28 November 2019**
Agreement, pursuant to Article 1, paragraphs 34 and 34bis, of Law no. 662 of 23 December 1996, between the Government, the Regions and the autonomous Provinces of Trento and Bolzano on the proposal of the Minister of Health for project guidelines for the use by the Regions of the resources tied to the achievement of the objectives of the National Health Plan for the year 2019 as updated by Legislative Decree no. 34 of 30 April 2019, Article 38, paragraph 1-novies.
- **Repertory of Acts no. 192/CSR of 28 November 2019**
Agreement, pursuant to Article 1, paragraph 34bis, of Law no. 662 of 23 December 1996 and Legislative Decree no. 34 of 30 April 2019, article 38, paragraph 1-novies, on the proposal of the Ministry of Health for a CIPE resolution relating to the updating of the distribution to the Regions of the quotas tied to the achievement of the objectives of the National Health Plan for the year 2019 (Rep. Act no. 89/CSR of 6 June 2019).

Year 2018

- **Repertory of Acts no. 150/CSR of 1 August 2018**
Agreement, pursuant to Article 1, paragraphs 34 and 34bis, of Law no. 662 of 23 December 1996, between the Government, the Regions and the autonomous Provinces of Trento and Bolzano on the proposal of the Minister of Health for project guidelines for the use by the Regions of the resources tied to the achievement of the objectives of the National Health Plan for the year 2019 as updated by Legislative Decree no. 34 of 30 April 2019, Article 38, paragraph 1-novies.
- **Repertory of Acts no. 149/CSR of 1 August 2018**
Agreement, pursuant to Article 1, paragraph 34bis, of Law no. 662 of 23 December 1996, on the proposal of the Ministry of Health for a CIPE resolution relating to the distribution to the Regions of the quotas tied to the achievement of the objectives of the National Health Plan for the year 2018.
